

Digital Access Statement

Michelle Rolfe - Feb 2021

Communication: preferences and requirements

- I am happy with all forms of communication: email; phone; video call; text message.
- I am unlikely to respond to work related comms before 10am.
- I work irregular hours but I do not expect anyone else too.
- My dyslexia sometimes causes me to mix up my words &/or struggle to find the word I am wanting to use.

Physical and environmental factors

- I do not have any access requirements that relate to my physical or environmental space for digital events.

Attending online or digital events

- I am more likely to be able to attend an event after 11.00am.
- If I am delivering an event, an afternoon slot is preferable.
